

Dos and Don'ts

When welcoming anybody in your house who you do not know, the YMCA advises the following:

- Be careful about keeping valuables in a safe place i.e. phones/tablets/car keys/computers
- Password protect mobile phones
- Consider call barring premium numbers from your landline
- Do not leave e-mail pages and online shopping accounts open
- Be careful about not leaving sharps about – if a young person is low they might consider self-harming
- Give receipts for rent and keep good records
- Notify YMCA project worker or Nightstop Assistant at the earliest opportunity if any damage has occurred.
- To minimize fire risk, do not allow young people to use chip pans
